Mark your calendars for
May 18th and start
talking to possible
sponsors! More details to
come!

Agency Updates

.....

- **Google Reviews** have proven to help restaurants, hotels, and other hospitality businesses. Our industry is no different! Families looking for a Family Living Agency have the freedom to look up agencies and by association - reviews. So if you haven't already, please head over to Google, search "At Home Advocacy, Inc" and leave us a review.
- Our **Supported Living** houses are booming and rooms are going quick, so if you know anyone looking for a change of scenery make sure you recommend AHA!
- The possibility of having a class at **Jim Hawke's Karate** just for us to learn self defense skills is still open! If you're interested please call the office for more information.
- If you've been by to visit the **AHA Office Staff** in the last few months you no doubt noticed...we have been some busy bees. We take pride in a low rate of turn over within our staff to ensure you always see a familiar face but it's time we hire new members to make sure we don't stray from our passion - creating value for you! New faces and new voices will be coming this month. The rate we have been growing is amazing and to have this need is a blessing but hold on tight. As new reinforcements join the AHA team, 2020 will be the year "AHA Got Their Groove Back"!

Special Olympics Polly Hockey Competition 2020 -

Some of our very own AHA All Stars showed Farmington what's up! High fives to all!
